

Moving Help

Below you will find answers to some frequently asked questions about moving at Bonnie Ridge Apartments. If you have a question about moving that is not answered here, please contact your community office at (410) 484-2515

Am I allowed to use a "mobile storage unit" or "POD?"

Yes. Please be sure the unit is placed in as few parking spaces as possible.

Are there special procedures for moving trucks?

Please be sure that moving trucks are kept in the parking lot. To keep our community and landscaping clear and beautiful, no vehicles are allowed on the sidewalks or grass at anytime. Any vehicles found on the sidewalks or grass are subject to immediate towing. Again, try to keep trucks/trailers in one parking space.

Do you have restricted hours for moving?

No. However, we ask that you please be mindful of your neighbors by keeping the noise level to a minimum, especially if you're moving in during the late-night and early-morning hours.

Do you have special parking arrangements during a move?

There are no special arrangements. We do ask that any moving trucks/vehicles be limited to one parking space if possible. Double-parked vehicles, including moving trucks and trailers, may be subject to towing overnight if not parked in one space.

For commercial moving companies, is it possible for tractor-trailers to navigate the community?

From our observations, tractor-trailers typically do not have problems entering and traveling through the community. However, trucks with extended cabs and/or extended trailers may be too large to navigate through the community. We suggest you consult your moving service regarding their ability to navigate our community.

May I ask a Home Properties employee to help with my move?

Unfortunately, due to many risk factors and insurance liabilities, Bonnie Ridge and Home Properties employees are unable to aid residents with moving boxes, furniture, etc. If you require help with moving, please call or visit the Leasing Office and we'll help you find a local moving service.

What should I do with used boxes that need disposing?

Boxes should be broken down and disposed of in the recycling area of the Central Waste Facility (located at the Copper Ridge Drive entrance of the community). This area has a designated cardboard recycling dumpster.

What utilities do I need to setup?

Electricity is the only major utility you need to setup. You may contact BGE at (410) 685-0123 to have service put into your name at least 1 week before moving. For water/sewage/gas(heat), we'll contact ista-North America and setup service for you. For other services, such as telephone and television, you may call or visit the Leasing Office for a list of local service providers.

Where should I dispose of large items (i.e., furniture) during my move, or at any time?

Contact the Maintenance Department to make arrangements for disposal. They can be reached at (410) 484-8674. Please do not leave large items at the Central Waster Facility.
